BESCHREIBUNG

The meeting location de Botter is located in Zwolle and is suitable for 6-12 persons. It is a cosy meeting room in which you can work pleasantly. The room has a lot of light and is very nicely decorated by the EQ interior company. In addition, the room is equipped with many facilities so that you can work optimally.

In the room there is a large conference table with all different chairs around it. In the room there are also two tables that are made in such a way that they can be slid onto the large table when a large group wants to meet. There is also a corner in the room where you can relax in between hard work. A super cute rust colored bench with a nice chair. On the wall is a cool wallpaper with an old Botter on it. There is a lot of light in the room which has a positive effect on being effective. The room is also nicely decorated with various plants, decorative cushions, tea lights and lanterns. A very cozy space!
